

5th Fret Tuning Method

1. **Unison Notes**- Notes on different strings that are the same pitch
2. Make sure to switch to fret 4 on the 3rd string!
3. Check yourself with a tuner that clips on to your guitar or with your smartphone tuning app.
 - a. Starting with the lowest sounding string, the open strings should be E A D G B E

Use the first note of each measure to tune the second note in the measure.
